

What is MAX Service?

MAX is RideKC's *brand* for Bus Rapid Transit

- BRT lines around the world have enhanced transit service in highly populated residential and commercial corridors.
- Similar to rail transit service, but costs less to operate.
- BRT stations optimize passenger use and safety.

More frequent service
Highly visible transit stations
Fewer stops for faster, more reliable service
Traffic signal priority
Unique identity and brand

KCATA currently operates two MAX BRT lines:

- Main Street MAX (opened 2005)
- Troost Avenue MAX (opened 2011)
- KCATA's MAX BRT lines connect with the progress that continues to positively impact the communities they serve.

Main Street MAX
