

ADDENDUM NO. 1

Invitation For Bids (IFB) G26-6005-33
KCATA Cummins Engine Parts

Kansas City Area Transportation Authority
1350 E. 17th Street
Kansas City, Missouri 64108

Issue Date: 9/15/2026

This Addendum is hereby made a part of the Invitation for bid (IFB) and Project Documents to the same extent as if it was originally included therein and is intended to change and/or interpret the IFB documents by additions, deletions, clarifications, or corrections. The Contractor shall acknowledge receipt of this Addendum in the bid submittals.

QUESTIONS FROM PROPOSERS

1. Q: What Cummins Engines does the KCATA use?

A: We operate ISL9 Diesel engines, ISLN and ISLG CNG engines. Model years for engines are 2010 and newer.

2. Q: Will this be a "Sole Source bid"?

A: This is an open bid that is available for any vendor to bid on. KCATA reserves the right to make multiple awards if it is in the best interest of the Authority.

3. Q: Will this bid allow aftermarket parts?

A: This bid will not allow aftermarket parts.

4. Q: Many of the requested parts have associated core charges. Could you please advise how KCATA would like suppliers to handle core charges within the Bid Response Form.

A: We would like Core Charges to be included in the unit price of each part that has a core.

5. Q: Under the *Manufacturer Part Number* column, several line items are listed with part numbers in a format similar to **RX*****NX** (examples attached below). Since these represent two distinct part numbers, we would need to provide pricing for each individually (for example, **5594275RX** and **5594275NX**).

Could you please advise how KCATA would like suppliers to handle these items?

A: We have revised our bid response form. Please use attachment C – Revised Bid Response Form.
