

ADDENDUM NO. 1

Invitation For Bids (IFB) G26-7024-26
KCATA Complex Waste Removal Services

Kansas City Area Transportation Authority
1350 E. 17th Street
Kansas City, Missouri 64108

Issue Date: 8/28/2026

This Addendum is hereby made a part of the Invitation for bid (IFB) and Project Documents to the same extent as if it was originally included therein and is intended to change and/or interpret the IFB documents by additions, deletions, clarifications, or corrections. The Contractor shall acknowledge receipt of this Addendum in the bid submittals.

PROPOSAL CHANGES/NOTICES

1. Changes to Section 2.D - "Technical Specification"

1. The contractor will furnish and maintain:
 - a. 15 each – 3 Cubic Yard Containers
 - b. 2 each – 40 Cubic Yard Containers (both at 18th/Lydia Storage Lot)
2. Trash pickups are to be made two (2) times per week: Wednesday and Friday
3. Trash pickups for one (1) of the 40 cubic yard containers at the 18th/Lydia lot and one (1) rear-loaded container, furnished by the KCATA, and located on the west side of the service line of Building one (1), shall be scheduled on an "as-needed" basis
4. Trash pickups for one (1) of the 40 cubic yard containers at the 18th/Lydia lot will need to be done every Friday Morning.

2. Revised Bid Response Form – Attachment A

QUESTIONS FROM PROPOSERS

1. Q: Can the recycling containers be cardboard only?

A: After review the KCATA will not be requesting recycling containers. Please see changes to Section 2.D – "Technical Specifications".

2. Q: Can you provide a site map of all containers

Q: Where will the containers be placed, can you provide a site map?

A: Please see attachment B – Site Map of container location.

3. Q: Can the pickup be on Thursday? Or are they needed twice a week on Wednesday and Friday?
- A: Pickups will need to be made every Wednesday and Friday.
4. Q: Where will the recycle containers be located?
- A: After review the KCATA will not be requesting recycling containers. Please see changes to Section 2.D – “Technical Specifications”.
5. Q: Will they be rolling out the 2 and 3 yard containers if they are inside the buildings/garage door?
- A: The KCATA only has one rear loaded container located inside of the service line in building one and is serviced on an as-needed basis. If container is needing serviced it will be staged in front of the building.
6. Q: Do they have a pin pad to access anywhere on the property for us to get into and service? If they did do that and cans were inside we would need cans to be put out the night prior (sounds like WED and Fridays are service days, so Tuesday night and Thursday nights if that was possible)
- A: Drivers will not need a pin code to access the locations where trash containers are located. Entrances to each site are indicated on attachment B – Site map of container location. Those entrances will be open starting at 7am the day trash pickups take place.
7. Q: Do we know where cans are currently at and staged maybe an opportunity to upsize the 2 yard containers to potentially save the amount of cans being rolled in and out?
- A: Please see attachment B – Site Map of container location.
8. Q: If the hours of operation are 8am-5am it will make it difficult for any of our trucks to maneuver through the site while their traffic of employees and or any other service vehicles onsite are funneling through if the service window is 8am-10am time.
- A: The KCATA facility has ample amount of space for drivers to service the trash containers during KCATA’s hours of operations.
